DualMultipurpose® SIM Adapter (Cell Phone Accessories)

DualMultipurpose® SIM Adapter

DualMultipurpose® SIM Adapter

3-in-1 SIM card adapter kits (Standard, Micro & Nano)

DualMultipurpose® SIM Adapter is a device that makes it easier for you to use any SIM type [mini, micro or nano] in any GSM phone with any SIM compartment type with no need of cutting a SIM from one type to another where it might render it useless for use in reverse case. It allows you to switch between your phones with the various SIM compartments effortlessly and effectively with no need of buying a new phone for each SIM type you have or intend to purchase.

Features:

- * Makes it easier for you to switch between any GSM Phone types almost effortlessly and effectively.
- * No need cutting your SIM to micro or nano to use with your phone, neither any to buy a new phone due to the size of the SIM supplied to you by your new network provider.
- * With the DualSIM Adapter you can also use your old phone with a regular SIM compartment with your new micro or nano SIM.
- * Suitable for any type of mobile phone: Samsung, Motorola, Amazon, AT&T, T-Mobile, LG, Nokia, including that of iPhone and iPad range: 4G/3G/ /4/4S/5/iPad2/3, etc.

Capacity:

- * **DualMultipurpose® SIM Adapter** package contains 3 type adapter:
 - Nano to Micro SIM
 - Nano to Mini (Standard or Regular) SIM
 - Micro to Mini (Standard or Regular) SIM
